Welcome to another great year of Vogue Dolls!
 This 2012 supplement to the 2011 Catalog pictures
 the newest dolls, all of which are available for
 immediate delivery.

In 2010 Vogue proudly announced Alice Leverett joined
 the company as Director of Design. She is well known
 for her beautiful original doll sculpts, elaborate costume
 designs, including 1800's French fashions and
 handmade studio dolls, as well as for traveling the globe
 teaching costuming in sewing seminars for her exquisite
 dolls and costumes.

David Smith, President and CEO of Vogue, and Alice
 have been working together since 2008 to bring you the
 finest in collectible dolls. There are many new and
 exciting projects to look forward to. Linda Smith
 commented, "when you have the opportunity to work
 with a premier designer in the industry, you provide
 them with the freedom and space to do what they do
 best: create wonderful art."
